

Jet Professional

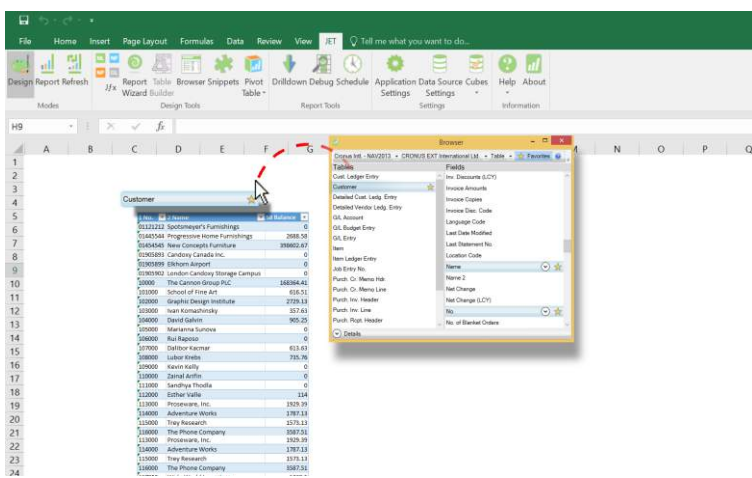

Performance Advantage
Systems International, Inc.

Fast, Flexible Financial and Business Reporting Inside of Excel and on the web.

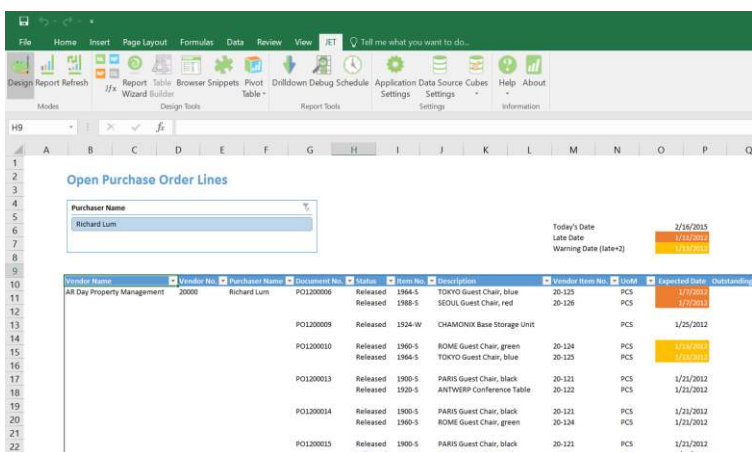

Jet Professional allows you to get all the operational data you need, in the format that works for you.

Any report – exactly the way you want it, no matter where you are. No exporting, no copying and pasting and no programming.

Drag-and-drop design from the Jet Reports Browser to build engaging reports quickly.

Create powerful, stunning reports to communicate effectively.

Eliminate errors

- ▶ Pull data directly into Excel
- ▶ No exporting, no copy and pasting
- ▶ Begin using and building reports immediately

Cut reporting time and costs

- ▶ No hard-coding or programming skills required
- ▶ Reports seamlessly update with ERP upgrades

Always have the answers from anywhere

- ▶ Drill-down on the numbers directly from Excel
- ▶ Access reports from anywhere on the web

Never second guess a report again

- ▶ Complete collaboration and publishing platform
- ▶ Feel confident it's the right data and workbook

Get started immediately

- ▶ Built specifically for Microsoft Dynamics
- ▶ Extensive report library to use out of the box
- ▶ Same day download and installation

Created for you

- ▶ Microsoft Dynamics NAV
- ▶ Microsoft Dynamics GP
- ▶ Microsoft Dynamics AX
- ▶ Connect to additional Microsoft SQL database and more...

"We complete reporting in about a quarter of the time with Jet Reports."

– Mike Ball, J.R. Simplot

Fast. Accurate. Anywhere.
